First Wheat Is Received in City

Combines Will Be In Operation All Over the County by End of Week

The first wheat was marketed in Canyon Monday. Bradley Burrus started his combine and brought the first loads to the Farmers Elevator. The test was 62, and the price paid was $1.36. Mr. Burrus' wheat was so ripe that the combine will continue cutting.

Farmers in all sections of the county will be in their wheat fields by the end of this week.

Ideal harvest weather prevails. The mercury mounted to 100 degrees this week, with clear skies. While the weeds are growing rapidly in the late wheat, the dry weather will ripen the wheat quickly and make it possible for farmers to get harvest underway.

The labor situation continues to be the major problem. Various bids are being made for labor, with $8 to $10 per day being a moderate wage. One young man was heard to remark Monday night that he had been offered $18 per day and would accept a job at $20 per day. So far he is not working.

Farmers who have not started harvest are trying to finish planting their row crop before they start cutting wheat.

Ray McReynolds states that he has never seen such barley as is getting ready for harvest in the Wildorado territory. He states that farmers are estimating that much of this big barley acreage will make as much as 100 bushels per acre.

Planes Fly Over Body of Happy Boy Killed in Accident

The funeral of Sgt. Cecil I. Read was held at the Baptist Church in Happy Saturday afternoon at 4 o'clock, conducted by Rev. Byron F. Todd.

Interment was in the Happy Cemetery in charge of the Griggs-Thompson Funeral Home.

Sgt. Read was killed in a plane crash at the Liberal Army Air Field June 15. He was the only member of the crew injured in the crash which occurred while landing.

Sgt. Read was a flight engineer. He was one of the most popular and efficient men of the Field. Ten men from the camp drove down to attend the funeral. As the body was being taken into the Church the squadron, of which he was a member, dipped down over the Church in tribute to Sgt. Read. His plane was the only one missing from the flight formation which flew from Liberal.

Surviving are: The parents, Mr. and Mrs. Oscar Read; one brother, James; one sister, Genevieve.

Pall bearers were: A. J. McCarley, Edwin May, Edwin Kuehn, Cline Ross Todd, Billy Fore, Sgt. Chas. Die. Honorary pall bearers, W. D. Heller, H. F. Walters, J. H. Stephenson, Hall Wrenn, Grady Ponder, O. M. Fowler, Ed Sprowles, T. L. Fore, Hobart McManigal.

West Texas State To Be Given Award June 26, 8 p. m.

On June 26th, at 8:00 p. m., in the main auditorium, there will be a program in which West Texas State College will be presented an award in recognition of its superior services to the war effort through the 350th Detachment of the United States Army Air Corps.

The program, as it has been announced by Captain Boutz, is as follows:

The National Anthem
Invocation
Music by the Orchestra
Presentation of Award, Captain Boutz
Acceptance of the Award, Dr. J. A Hill
Recessional
The Army Air Corps Song

Following the program there will be an informal reception at Cousins Hall. To this townspeople, students, faculty and Army personnel are invited.

The observance of next Monday night will be the last program in connection with the 350th Detachment so far as is now known.

Four Men Left for Navy Yesterday

The following men left yesterday for Lubbock where they are being inducted into the navy:

John Archer LeGrand, Olen Lee Christie, William Ester Gipson.

Harold Lee Christie was transferred to Hale County for induction.

LIEUT. ARCHER KILLED

According to word received from the War Department Wednesday, Lieut. Sam Archer, who was reported missing, is reported as killed over Germany.

H. M. Baggarly Gets Commission Ensign in Navy

Newly commissioned officer in the United States Naval Reserve is Ensign H. M. Baggarly of Tulia. Head of the business administration department of Tulia High School for five years preceding his enlistment in the navy, Ensign Baggarly reported for active duty as apprentice seaman in the USNR June 28, 1943—one year to the day before he reports for duty as an officer in Florida.

Ensign Baggarly is a graduate of West Texas State College and did graduate work at the University of Missouri. Before receiving his commission on April 1, he served for seven months at the New Orleans Naval Armed Guard Center with the rating of yeoman second class.

Ensign Baggarly is the son of Mrs. H. M. Baggarly of Happy. He is a Randall county boy.

Time to Plant Asparagus For the Coming Year

Randall County Victory Gardeners have enjoyed a bountiful crop of asparagus this year, but it is now the time to plan for a good crop next year.

Miss Lou Ella Patterson, County Home Demonstration Agent, suggests fertilizing the plants now by side dressing with well rotted stable manure. Spread it on either side or the plant row two or three inches deep. The manure can be stirred into the soil in cultivating the plants the remainder of the season.

The more vigorous the plants can be made now, the more plant food will be stored in the fleshy roots With plenty of plant food stored, the asparagus tips next spring will will be large and tender.

Many Attend 24th Session of Plateau Singers

There was a large attendance Sunday at the 24th annual meeting of the Plateau Singing Convention. The meeting was held in the auditorium of the Education building. The room was well filled with singers throughout the day.

A large number of enthusiastic members of the Association attended the business session Saturday.

John F. Taylor is president of the association, and has been largely responsible for the splendid success of the organization throughout the years.

Word From German Prison By Lieut. Tom Lair

The Tom Lairs have received a cablegram from Lieut. Tommie Lair reporting that he was still doing well. The message was dated May 1 and was one months being delivered. However, it was reassuring to the family as it was dated somewhat later than the reported trouble in the prison camp.

REPORTED TO NAVY

Jay R. Hunter reported Tuesday to the navy at Oklahoma City. He recently volunteered in this branch of service. He is the third son of Mr. and Mrs. John Hunter to enter the navy.

Mrs. E. Burroughs, Mr. and Mrs. A. B. Duncan, Miss Johnie Courtney, Arthur Bailey Duncan, Jr., and Andy Walsh, Jr., met Lieut E. Burroughs, Jr., in Amarillo Sunday night and visited with him about an hour. Lieut. Burroughs was on a routine cross country flight from Maxwell Field, Alabama.

Little Miss Nancy Genende Bechtold spent last week in Amarillo with her grandparents, Mr. and Mrs. L. F. Bechtold.

Miss Wynona Smith of Wellington is spending two weeks with her sisters, Mrs. Bob Parsons and Mrs. Archie Roberts.

400 Men Will Be Reclassified

All Men in 3-A and 3-C Must be Changed but Not Inducted at Present

More than 400 Randall county men will receive reclassification cards within the coming week.

All men who are in 3-A or 3-C must be reclassified according to new instructions from Selective Service headquarters.

Those who receive new classifications need not become excited. Only those who are classified in 1-A are subject to military service.

All members of the local board, together with the clerk, Mrs. Tommye Prichard, attended a meeting in Amarillo Tuesday night given by the Hanson Post honoring local boards of the 18th district. Owing to the rush of work only a few boards were represented. The Randall county board is among the few in the state which has made no changes in membership in clerks since organization. Dr. R. P. Jarrett is chairman, Clyde W. Warwick, secretary, W. J. Flesher, member, of the board.

More History of Churches in City Is Disclosed

One of the earliest churches in Canyon was started in a home in 1913, the first Sunday in January, The First Church of Christ. It was moved into a small building and then a larger one across the street on Third Avenue. Any person looking for a fast-growing enterprise should not overlook this church.

Once an earnest college teacher working on Saturday to secure a church attendance on the first Sunday away from home asked the class to signify an intention of going to church. At the close of the lesson, a beautiful brown-eyed lass stepped up to the desk and said, "I am a member of the Church of Christ, and we always go to church."

When the Student Volunteer Band was trying to select the very best Christian in the college—best to represent the Band at a Quadrenial Conference—each church group suggested a representative; and the student group, in chapel assembled, had the final vote. A member of the college division of this church was sent, and admirably did she represent the College at the conference.

Often the pastor of the group is a college student regularly enrolled, but when there is no resident pastor, the warm fellowship of the church keeps it growing and thriving.

Canyon Woman Is Given Award for Faithful Service

Miss Jessie DeGraffenried, daughter of Mrs. M. C. DeGraffenried, has been awarded a certificate of Service in War plane production in the North American Aviation plant in Dallas to acknowledge a meritorious production achievement. In addition to the award certificate, J. H. Kindelbergn, President of the plant presented Miss DeGraffenried with a $10.00 bill.

Lee Satterwhite Visited Friends

Lee Satterwhite of Austin was here Monday in the interest of his campaign for Lieutenant Governor. Mr. Satterwhite is highly pleased with the splendid reception that he is getting in this campaign.

He was State Representative from this district until 1928. He was Speaker of the House while serving this district and made a wonderful record.

Mr. Satterwhite is the only man to have represented three different districts in the state. He is 73 years old, but is strong and vigorous and is making an active campaign. He has been with the revenue stamps division of the state for 8½ years and has a fine record in collecting revenue for the state.

Rodeo Will Be Given July 1-4 Tri-State Fair

Again this year rodeo fans of the Southwest will have five opportunities to see their favorite arena attraction during the first four days of July.

Again this year the rodeo will be sponsored by the Tri-State Fair with Beutler Brothers as directors, but there will be more specialty acts than ever to provide a well-balanced two and a half hour program with calf roping, bull dogging, bronc riding and bull riding as the main events.

Cash prizes of more than $2,000 have been posted for the contestants. It is an open show with no one barred except those blacklisted by the Cowboys Turtle Association.

There will be night shows at 8 o'clock on Saturday, July 1; Monday July 3 and Tuesday, July 4. There will be two matinees at 2 o'clock on Sunday, July 2, and Tuesday, the fourth of July. Admission, including tax will be $1.20 for adults; 60 cents for children. Box seats will be 75 cents extra.

Officials of the Tri-State Fair have announced enlisted men will be admitted for 60 cents each, including tax.

S-Sgt. Drummond Is Wounded Again on Italian Front

S-Sgt. James Drummond, son of Mrs. Cora Drummond, has been wounded for the second time, not so seriously this time as the other time. He is with Co. F. in the Texas 36th Somewhere in Italy. Sgt. Drummond left Canyon with the National Guard and has remained with the same group all the way through.

Free Show Will Boost Bonds Sales on the 6th of July

In order to assist the 5th War Loan Bond Drive, a free show will be given at the Olympic Theatre on the afternoon of July 6. Every motion picture show in the nation will give one day of free shows in order to boost bonds.

The show will be "Two Girls and a Sailor."

Mrs. B. A. Stafford from Mineola, Texas, visited with her granddaughter, Mrs. Jack Neill. Mrs. Stafford is an old time, long time resident of Canyon. Her husband, B. A. Stafford, for whom Stafford Hall was named, was one of the original faculty members and continued as a member for his life time.

Capt. George H. Lair and Col. Gregg visited over night Friday with the Captain's father and mother, Mr. and Mrs. Tom Lair while enroute from Camp Barkeley, Abilene to Ft. Louis, Washington. Mrs. Lair and Mrs. Gregg will join their husbands about July 1.

James Butler To Study on Ph. D.; Douglas to Come

Professor James D. Butler, of the speech department, will go to the University of Southern California at the end of the nine-weeks summer session to continue work on his Doctor's degree.

Mr. Butler plans to work two or three months in a defense plant until the university opens in November. Mrs. Butler, who receives her B. S. degree at the end of the nine weeks term, plans to teach in California.

Before coming to W. T., Mr. Butler studied at the University of Washington, Western Washington College of Education, Pasadena Playhouse, and the University of California. He has done considerable work beyond his master's degree at U. S. C. He has taught four years in a junior high school in Washington, one year in a high school in California, and three years at West Texas State. For one year Mr. Butler was on leave of absence for service in the U. S. Army.

Mr. J. E. Douglas, who will become an associate professor of speech on the faculty of West Texas State College at the beginning of the fall semester is at Northwestern University this summer working toward a doctor's degree. His bachelor's degree was earned at the University of Oklahoma, and his master's degree at Northwestern University, Evanston, Illinois.

Although Mr. Douglas is a young man he is not inexperienced. He has taught in the high schools of El Reno and Norman, Oklahoma, and as a graduate assistant in departments of speech at the University of Oklahoma and Northwestern. He then became head of the speech department at Southeastern State College, Durant, Oklahoma, from which place he went to the speech department at Southwest State Teachers College at San Marcos.

He has written and produced radio programs for stations KTSA, San Antonio and WKY, Oklahoma City.

Mr. Douglas lists as his hobbies music and sports.

He is a member of several professional organizations, including the National Association of Teachers of Speech.

J. P. Upchurch Almost Killed by Live Wire Friday

J. P. Upchurch is in an Amarillo hospital, some what improved from an accident Friday which almost cost him his life. He touched a live wire and was knocked from a 15 foot ladder, hitting the ground with his head.

Mr. Upchurch was installing some dead wires when the accident occurred, and the shock of touching a 13,200-volt live wire knocked him off the ladder on which he was working. Although he fractured several vertebrae, this jar probably saved his life, as such an electrical shock usually stops the human heart, his physician stated.

Neighbors from the Zita and Lakeside districts, where the Upchurches lived for 27 years before moving onto the Canyon highway have begun to work his row crops, and are planning to harvest his wheat when it is ready to cut.

Women from the Western Avenue Demonstration Club are preparing meals for those friends of the Upchurches who have volunteered to keep his fields worked while he is recovering.

Miss Ouida Williams from Anton is spending the summer with her brother, Owen Williams and family.

Little Joe Cooper from McLean is visiting his cousin, Max Allen, and attending Vacation Bible School at the Presbyterian Church.

Mrs. Mary Jane Hudgings, Mrs. Norma Jean Ward and Miss Martha Rodgers of Amarillo were week end guests of Mrs. Coystal Tabor Stone.

Hubert Hunt of Wichita Falls is visiting at the home of his parents, Judge and Mrs. A. H. Hunt.

Dr. Harris Cook Holds Meeting

Dr. Harris M. Cook has started on his duties as District Governor of the 127th District of Rotary International. His official year does not start until July 1st, but he is holding District Assemblies this week in order that all clubs of the district may be organized under the new officers at the opening of the year.

Dr. Cook was in Floydada Tuesday; at Wellington yesterday and at Graham today holding assemblies.

Representatives of the 57 Rotary Clubs of the district are attending these assemblies.

After the 1st of July Governor Cook will start making official visits to all clubs of the district. He hopes to make as many of these 57 visits as possible during the summer and early fall.

July Calls For Men Is Smallest In the Past Year

Randall county has very small calls for induction into the armed forces during July.

Only one man will be sent to Lubbock on July 12 to take his pre-induction physical examination.

The call for induction on July 13 is for only four men.

These calls are so light that members of the local Selective Board could hardly believe their eyes. Calls in the past have been very heavy, considering the fact that more than 1,000 men from Randall county are already in service.

The official report has not been received on the men who went to Lubbock for their physical Sunday afternoon. The unofficial report is that Kenneth Dewey Nickeson was rejected, as well as Melvin Meredith Hogge, who was transferred here from Colorado.

Cecil King and Dick Woods were transferred to California at the last minute.

James Harold Dear and Charles Ray Hillier volunteered for immediate induction in the navy and were accepted. They were shipped out from Lubbock Tuesday morning.

Mrs. Penick Killed In Car-Train Crash

Mrs. L. T. Penick, wife of L. T. Penick, son of Mr. and Mrs. E. C. Penick, was killed instantly Sunday morning and her husband was critically injured when their car was hit by a train at Guymon, Okla.

According to word received just after the accident "they were on their way to church when their car was hit in Guymon by a fast passenger train. Mr. Penick was taken to a hospital at Liberal, Kan. He is in a serious condition."

Mr. Penick is a graduate of West Texas State.

BUYS HOME HERE

Fred Marshall moved to Amarillo last year after selling his ranch east of Canyon. He has sold his home in Amarillo and bought the residence at 1404 Sixth Ave.

Mrs. Martha Sherford of Houston has been visiting her sister, Mrs. Frances H. Gidden, during the past week.

Candidates For The July Primary

Second Primary to Depend On Interest and Outcome of the First Primary

The Democratic County Executive Committee met Monday to make assessments for the primary elections. The first primary will be held July 22.

The question of a second primary was left open. If there is sufficient interest in the frist primary, a second one will be held should it be necessary to hold such an election for Governor and Lieutenant Governor.

Governor Coke Stevenson has eight opponents.

Lieutenant Governor John Lee Smith has three opponents, including Lee Satterwhite, former State Representative from this district.

Assessments for the primary were based on the same as charged the candidates in 1942. If the second primary is eliminated a refund of about 40% of the assessment will be made to the candidates.

Members of the County Executive Committee attending the meeting were: Clyde W. Warwick, chairman; No. 1, W. A. Warren; No. 3, Glenn W. Dowlen; No. 5, James E. Park; No. 6, H. W. Burrus; No. 7, George E. Mason; No. 8, W. P. Janssen; No. 9, W. J. Flesher.

Not present were: No. 2, J. J. Leavitt; No. 4, Emil Schaeffer; No. 14, C. B. Erwin.

All of the precinct chairman will hold the primary elections with the exception of No. 1, where Dr. D. A. Shirley was named presiding officer; No. 5, Mrs . J. E. Park, Jr.; No. 9, Henry Beverley.

The only district contest is for Congress. The only county contest is for Sheriff, Tax Assessor and Collector. Congressman Eugene Worley is opposed by LaMarr Bailey; E. M. Cantrell, present sheriff, tax assessor and collector is opposed by W. L. Lyons.

The full state ticket follows:

For Governor:
Coke R. Stevenson, Kimble Co.
Martin Jones, Nacogdoches Co.
W. J. Minton, Grayson Co.
Alex M. Ferguson, Grayson Co.
Minnie Fisher Cunningham, Walker Co.
Gene S. Porter, McLennan Co.
Edward L. Carey, Harris Co.
Herbert E. Mills, Galveston Co.
William F. Grimes, Harris Co.

For Lieutenant Governor:
Lee Satterwhite, Travis Co.
Mat Davis, Upshur Co.
William D. Turner, McLennan Co.
John Lee Smith, Throckmorton Co.

For Attorney General:
Grover Sellers, Hopkins Co.
Jesse E. Martin, Tarrant Co.
Fred Erisman, Gregg Co.

For Associate Justice of Supreme Court:
Richard Critz, Williamson Co.
Tom Smiley, Karnes Co.
James B. Hubbard, Nueces Co.
Gordon Simpson, Smith Co.
Charles T. Rowland, Tarrant Co.

For Judge of Court of Criminal Appeals:
F. L. Hawkins, Ellis Co.
Joseph D. Dickson, Baylor Co.

For Railroad Commissioner:
Beauford H. Jester, Navarro Co.

For Comptroller Public Accounts:
Geo. H. Sheppard, Nolan Co.
Clifford E. Butler, Harris Co.
Harold K. Shelton, Harris Co.

For State Treasurer:
Jesse James, Travis Co.

For Commissioner of General Land Office:
Bascom Giles, Travis Co.

For Superintendent of Public Instruction:
L. A. Woods, McLennan Co.
Earl Rogers, Hays Co.
Walter Scott McNutt, Marion Co.

For Commissioner of Agriculture:
J. E. McDonald, Ellis Co.
Edgar E. Hunter, Harris Co.
Virgil E. Arnold, Harris Co.

New Car Stamps Must Be Placed By First of July

It is time to buy the federal stamp for the use of your automobile. The stamps are on sale at the postoffice, and cost $5. The stamps are good for one year.

It will be remembered that a number of Randall county people overlooked having the stamps on their car last year. Inspectors made the rounds, and car owners were jacked up.

The new stamps must be bought before July 1 and be placed on every car in use by that time in order to avoid the possibility of answering to investigators.

The big political show starts in Washington next Monday. Dewey is the leading contender for the nomination without having said that he will accept. The chances are that he will accept. What will Willkie do? The Republicans realize that Willkie has several million followers who are not satisfied with Dewey, and are suspicious of Dewey's attitude on international questions. Therefore, unless Willkie is allowed to write the platform he will bolt the ticket. Dewey has no chance of winning without the support of Willkie, and it is almost a cinch bet that he will be defeated even with Willkie on his side. We would guess that a good many sleepless nights are being spent in the Dewey camp trying to get all factions of the Republican party together without a fight. The voters will keep in mind the pertinent fact that platforms are written only as a vehicle upon which the candidate may ride into office. After election the platform is another scrap of paper. Remember the Roosevelt pledge of national economy in 1932?

Before Hitler and Tojo started this war the people of Germany and Japan were told that Americans had become soft and easy and would not fight. The thrilling stories which comes from the global battle fronts should now convince these people that the Yanks are still the super fighters of the world, and are equipped with the best weapons in the world. The heroic stories which come of American bravery makes all of us proud of the fact that we are Americans. In spite of the great handicap of fighting thousands of miles away from home, in strange lands and among strange peoples, our men are doing a superior job. What a shame that it is necessary that the lives of such valiant young men should be spent in the wasteful and utter silly thing of war at a time when men should know that war does not pay. Taking the lives of a handful of war criminals like Hitler and Tojo will not recompence for the waste which they have caused.

Judging by the way Americans are NOT buying War Bonds, our people at home are of the opinion that our soldiers can win the war without money. The 5th War Loan Drive is slow all over the nation. Harvest is given as the excuse in the Panhandle. Our soldiers in France, in Italy and scattered over the Pacific cannot wait for the citizens of Randall county to make up their minds about Bonds. Randall county has a large number of men in all of these war zones, and the least we can do is for each and every citizen to get in there and buy all of the bonds that he can.

All of the peace talk of today is very fluid, just as is all the talk at home on post-war planning. No one should become too excited over any of the present proposals, either abroad or at home, as time will greatly change conditions. But as we have said time and again, it is better to talk now about peace, and it is better to talk now about post-war home problems than to allow the nation to be caught napping as we did after World War I when we had no plan for either of these problems.

Governor Coke Stevenson has eight opponents—believe it or not. Few of them will make active campaigns. They pay $100 in order to have their names printed on a million or so primary election ballots, at the expense of local candidates. The voters will wonder who in thunder all these folks are, and will probably re-elect the Governor in the first primary. At least, we hope this will be the case. Few people give a whoop about politics this year, and the elimination of the second primary would be a great blessing.

It seems that we shall go through unpleasant relations with France. De Gaulle is personally offensive to President Roosevelt. However, both England and Russia are rather friendly to De Gaulle, hoping that he will be able to bring peace to his bewildered and unfortunate nation. De Gaulle went to France within a week after the United Nations started the Invasion. He refused to allow his trained soldiers to assist in the landing. Now he has ordered his party to set up local governments, in defiance to the agreed authority of General Eisenhower, who is given a free hand in France over civil as well as military affairs. De Gaulle has ordered the underground to start killing off Frenchmen who have been loyal to Hitler. No wonder those of us who left France in 1917-18 say "To hell with France." No wonder France fell again in World War II, largely because of internal corruption, graft and greed of the political leaders. However, as critical as the situation may be at the present time, we still say that the United Nations are doing the right thing in talking about post-war problems rather than waiting until Germany is whipped. We may be able to avoid the mistakes of 1918-19.

The government is selling a lot of surplus commodities which were either manufactured under order, or of which too much were bought. It is interesting to see who is selling these goods, and who are buying them. For several years *The News* predicted that no millionaires would be made during this war—that the administration was looking after that. Again we were mistaken. Wall Street bankers are doing the selling at a big loss to the government. The buyers are the big chain stores of the nation. What about the little business man? Well, he is simply not considered, the same as he has never been considered in the manner of war contracts. There will be about 75 billion dollars worth of government stuff to be sold at the end of the war. What effect is the sale of all this stuff to big firms going to have on the little business firms scattered over the nation who will never have a chance to buy any of this stuff? Again this is a good time to do some post-war thinking and planning.

Senator W. Lee O'Daniel is getting his O'Daniel News started again, unless he is choked off by Washington. However, we are of the opinion that the O'Daniel News will start and that it will be read with interest by thousands of people. The peaceful political atmosphere of a few years ago in Washington no longer prevails. Those who are opposed to the dictatorial attitude of the President have found their voices, and are not afraid to speak up. O'Daniel may be a loose screw, as many Texans have called him, but he has a right to be heard. A majority of the people of Texas who worked for and voted for O'Daniel as Governor and as Senator differ from him in his position of the New Deal, but that is not going to keep them from voting for him again, or from reading with interest his newspaper.

America is thrilled again that the B-29's have bombed Japan. Word from our soldiers indicates that the war against the Japs is going faster than anticipated, and the big bombers will play a definite role in hastening the peace. Two things are outstanding: 1st, General MacArthur has not been satisfied to wait until Germany is whipped before he opens up on Japan. Perhaps his blast against the New Deal had something to do with giving him more supplies. 2nd, the production of the largest bombers the world has ever known is a distinct tribute to American engineers and American industries, both capital and labor. The government is not responsible for the success of the Big B-29's. Our mighty airplane industries made the building of these monsters possible.

If there is any doubt in your mind about the President expecting to be re-elected, listen to this: He is spending $750,000 of the people's money to have a special plane built for the exclusive use of the President. It has a special elevator, bath tub, and all modern fixtures. Practically every member of the cabinet has a special plane at his command, thereby tying up the services of two or three experienced pilots for each plane so that cabinet members may use them over the week end.

According to a poll of the Texas Democratic delegates to the National Convention in July, probably half of them will vote for the President on the first ballot. They go uninstructed and may vote as they please. The great hullaboo raised by the defeated New Dealers is therefore of no consequence.

The farmers are crying for laborers. Any man found loafing on the streets of any Panhandle town will have no excuse for idleness.

Four of Gill Family Are Now Living In Dallas

Four members of the Gill family, all exes of W. T., are living in Dallas this summer.

Mildred, the youngest, who attended W. T. last year and worked as student assistant in the Business Administration Department, has charge of the cash receipts and payroll of a company owning about seventy hotels in the southwest. She is living with Mrs. Millard Dilg, who was Helen Gill before her marriage. She was a sociology major, graduating with the class of 1934. Mrs. Dilg was for a time manager of the College Book Store and a part time teacher of business administration in the college.

The third sister is Ruth Gill who attended W. T. for three years, majoring in business administration. She has been in Dallas for almost two years, and has worked for several different companies.

Mrs. John Grissom, formerly Freda Gill, is also in Dallas, her husband being stationed nearby.

Mrs. Wayndon Fain (Frances Gill) is living with her parents in Canyon. Lt. Fain is overseas.

Another member of the Gill family who has been heard of quite a bit lately is Lt. Joe Gill who has been in North Africa and Italy over a year. He entered the national guard unit which left Canyon under the Command of Capt. W. E. Lockhart. At that time Joe was a sergeant. Since being overseas, he has been commissioned and has received several decorations.

I'll predict no-miles-an-hour.

I'll hand it to folks. They've had the patriotism to hold down their speed. But imagine war restrictions ended. Man, you'll see old cars overdoing till they can't chug another mile. You'll see every repair shop crowded for months, but I'm figuring to duck that! Of course, I couldn't see everything coming when I originally had this engine OIL-PLATED. I'd simply overheard that any engine forms dangerous corrosive acids. It made sense to try protecting the engine by OIL-PLATING it with Conoco Nth motor oil. I switched to Nth. You can suit yourself about thinking it's the only oil or not, but first read the whole label. You'll see where Conoco Nth oil's special synthetic fastens OIL-PLATING to your engine's fine inside finish. Then OIL-PLATING is really sort of a special surface to block steady acid corrosion. When repairs might be just a promise, and you can only pray for a new car, you're way ahead with your engine safely OIL-PLATED by Conoco Nth.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

REMINDERS

Sugar: Sugar stamps 30, 31 and 32, each good for five pounds indefinitely. Sugar stamp 40, good for five pounds of canning sugar thru February, next year.

Gasoline: A-11 coupons good through June 21, A-12 coupons good June 22 through September 21.

"GOING TO TOWN" IN BOND DRIVE

That rural sections of the United States are "Going to Town" in the Fifth War Loan Drive is suggested by scattered early reports received by the Agriculture Section, War Finance Division, Treasury Department. In Carroll County, Georgia, agriculture's $100,000 share of the county quota was over-sold by $80,000 on June 6, six days before the drive opened. In Alabama, where county farm quotas are broken down into "Beats," roughly equivalent to townships in other states, several beats had surpassed their quotas. Gregory County, South Dakota, reached its goal two days after the drive officially opened. More than 20,000 farm machinery dealers in the U. S. have been enlisted in the Fifth War Loan Drive.

ADVISES BUYING EXTRA EGGS NOW

If every housewife will buy an extra dozen eggs now and store them in her refrigerator she can solve a big problem now facing the War Food Administration. At present, WFA says, there are 1,400 car loads of eggs for which no cold storage space can be found. By using their refrigerators, housewives can make it possible to save 25 million dozen eggs. Egg production has begun to decline seasonally, and it will soon be possible to handle all supplies in the usual manner.

CLERICAL JOBS IN WASHINGTON

More than 12,000 clerks, stenographers and clerk typists are needed immediately to fill vacancies in Washington, D. C., principally for the War and Navy Departments, the Civil Service Commission reports. Also, within the year between 8,000 and 10,000 additional vacancies must be filled. Positions will pay from $1,752 to $1,971 a year for the Federal work week of 48 hours. Local Post Offices and offices of the United States Employment Services can give interested persons information about these openings.

USED CARS UNDER PRICE CONTROL

Beginning July 10, all used passenger cars come under price control, the Office of Price Administration has directed. All sellers—individual owners as well as dealers—come under the program. Ceilings will vary by model, body type and make and will cover about 6,000 models manufactured from 1937 through 1942. There will be an "as is" and a "warranty" price for each model and body type. Ceilings will drop at the rate of four per cent of the "as is" price every six months. Permissible additions to ceiling prices are provided for extra equipment. Separate prices are given for each of three geographical regions. When a sale has been completed, the buyer and seller must fill out a transfer certificate and turn this in to the buyer's local War Price and Rationing Board. Nearly four million motor vehicles went out of use in the United States in 1942 and 1943 and have not been replaced, the Federal Works Agency reports.

PRICES ON CERTAIN FRUITS

Highest average retail prices for the country as a whole that will result from ceiling prices established for certain fresh fruits have been announced by the OPA. These prices per pound are: Italian prunes, about 14 cents; plums, about 19 cents; sweet cherries about 40 cents, except in California, Washington and Oregon, where the price will be about 36 cents; apricots, about 21 cents, except in California, Washington and Oregon, where the price will be about 16½ cents.

MINERAL OIL PROTECTS SWEET CORN

To protect growing sweet corn from the corn earworm, use an inexpensive mineral oil (medicinal oil), the Department of Agriculture advises. Wait at least 3 days after the silk first emerges before oiling, and not later than 7 days. An ordinary glass medicine dropper when half full of mineral oil is enough for a small ear of corn, and about three-fourths full for a large ear. Insert the medicine dropper about a quarter of an inch into the silk mass, just inside the tip of the husk. Since not all silks mature the same day, treated ears may be marked with a crayon or strip of cloth. The oil kills worms in the silk and prevents the entry of others.

ROUND-UP

The War Production Board says—arsenical insecticides for the coming summer months should be bought early, because uncertain transportation and manpower and container shortages might delay last minute orders and result in heavy crop damage. . . . A water-resistant match, useful to service men in jungle areas, has been developed by match manufacturers. . . . An estimated 30,000 dozen household furnace scoops and 85,000 dozen snow shovels will be produced in 1944, and the first of them should be available to consumers by late fall or early winter. . . . National Headquarters of Selective Service announces that inductees no longer will be ear-marked for either the Army or the Navy after their preinduction physical examination, beginning July 1, but will be placed in the common pool to be drawn upon as the needs of the respective branches develop. . . . Shoe dealers may sell limited quantities of "odd lot" shoes ration-free to consumers at specified price reductions July 10 through July 29, OPA says. . . . WFA expects that shipping will be available to import six million bushels of corn from South America during July to aid the war food and livestock feed situation in the United States. . . . U. S. Public Health Service reports that approximately 20,000 patients have been treated for syphillis and gonorrhea and new intensive methods in more than 50 rapid treatment centers and that penicillin is being used on a large scale in the treatment of early syphillis. . . . Home canners who have the use of a pressure canner this summer will do well to put up chicken when farmers are selling large numbers of hens that are not laying enough to be worth their keep, the Department of Agriculture advises.

BAPTIST CHURCH SERVICES

Dr. Roy L. Johnson, pastor of First Baptist Church in Canyon announces that he will speak Sunday morning, June 25th, at 11:00 on "Seven Causes of Unanswered Prayer." In these days when so many millions are thinking of prayer and calling for divine aid in time of trouble, it is wise to study what the God of the Bible has revealed as to some causes for unanswered prayer. You are invited to study this topic from the scripture with the pastor leading next Sunday.

At the evening hour friends will hear Rev. A. W. Murschell of Utah, a Presbyterian minister, who married the niece of Mrs. Roy L. Johnson. The hour will be 8:15.

Sunday School will be at 9:45 and Training Union at 7:15. Wednesday prayer meeting at 8:30.

PROGRAM AT JOWELL JUNE 25

A group of young people directed by Robert Kilgore of Canyon will present special music and Dr. Roy L. Johnson will speak in an hour program at the Jowell School house Sunday afternoon, June 25th, at 4:00 p. m. Friends of the community are invited to attend.

Wartime Washington

By Gene Worley
Member of Congress

The big news this week in Washington was the bombing of the Japanese Mainland. Most officials in Washington knew that the B-29, the Super-Fortress, was in production but no one knew just how effective it would be in actual combat operation. The successful bombing of the Japanese Mainland has proved its worth and a new phase of the war against the Japanese has begun. Undoubtedly the high octane gasoline which supplied these Super-Fortresses came from Texas and perhaps from the Texas Panhandle plants. While the names of those who carried out the raid are not known at this time, there's bound to be many Texans among them.

Texas' contribution to the war in every respect either equals or surpasses the contribution made by any other state in the Union. This is one reason war bond sales, scrap metal, scrap paper, waste fat, and rubber drives have always been high in the Lone Star State. Incidentally Members of Congress from other states have often expressed the fear that Texas might make a separate peace but the Texas Congressmen have assured them such rumors were unfounded.

Labor shortages for farms and munitions and other war plants is exceedingly tight. For the past several weeks I have urged the War Department to be as lenient as possible in granting furloughs and passes to the military personnel stationed in the Texas Panhandle in order to help in the bumper wheat harvest. They have offered every cooperation in doing this where the plan would not interfere with the war program. Their reasons for not releasing military personnel in wholesale lots is because the war training program would be delayed or seriously affected.

It is probable that civilian production will be increased 25% just as soon as the military leaders are sure the invasion liberation is successful. . . . The military officials say the Nazis made two mistakes when (1) they failed to attack the several thousand ships which participated in the invasion and (2) failed to throw their diminishing air force against our beachheads. . . . MacArthur is working up to a major offensive in the Pacific with the Philippine Islands as an early objective . . . the success of military operations will depend on unqualified support from the home front . . . so Back the Fighting Fifth War Loan Drive and buy an extra Bond today.

JOIN GULF'S "Anti-Breakdown" CLUB TODAY!

BEFORE THIS WAR is over, there may be only two kinds of people in America . . .
1. those who can still get to work in automobiles,
2. those who are forced to walk.
If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for *Gulf's Protective Maintenance Plan!*
This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job. (8 out of 10 war workers use automobiles to get to work.)
Here's Gulf's Protective Maintenance Plan..
1 *It protects your car at 39 danger points!*
GULF'S Protective Maintenance Plan includes Gulflex Registered Lubrication which reaches up to 39 vital engine, body, and chassis points. *Six different Gulflex* Lubricants are used to reduce wear.

2 *It helps keep your motor in "A-1" shape!*
IT'S IMPORTANT to change your oil regularly . . . and to give your car a really *good* motor oil like Gulfpride, "The World's Finest Motor Oil," or Gulflube, an extra-quality oil that costs a few cents less.

3 *It helps stretch your gas coupons!*
ASK YOUR GULF DEALER to clean your spark plugs, clean your air filter, and flush out your radiator, to help give you as much as 10% more mileage per gallon of gas!

Gasoline powers the attack... Don't waste a drop!

Miss Gwendolyn Phillips Becomes Bride of S 1-c Dick Gilliham

In a beautiful double ring ceremony performed on the evening of June 14, at 9:30 o'clock, Miss Gwendolyn Phillips, daughter of Mr. and Mrs. Ed Phillips, became the bride of Seaman 1/c Dick Gilliham, son of Mrs. Tom Jeanette of Michigan. Dr. Roy L. Johnson solemnized the services in the softly lighted living room in the home of the bride. Reception rooms were colorfully decorated with pink and red roses.

The bride wore a light blue dress made with a fitted jersey blouse and net skirt. For "something old" she wore the locket that had been given to her by the groom several months previous; "something borrowed" was a lucky dime which she wore in her slipper. She carried a white Bible, and wore a corsage of white carnations.

Miss Polly Winstead, cousin of the bride, was bridesmaid. She wore a white chiffon dress, and a corsage of sweet peas. J. R. Glenn served as best man.

The two-tiered wedding cake, surrounded with pink roses, was topped with a miniature bride and bridegroom. Ice cream was served to the guests by the mother of the bride.

Mrs. Gilliham is a graduate of Canyon High School where she was an active member of her classes. The bridegroom attended school in Webb City, Missouri, and is now stationed in Fort Huemene, California. He will return to this camp after his fifteen-day leave.

Mrs. Hud Prichard, Jr., joined Lieut. Prichard at Mountain Home, Idaho, last week to be with him while he is in training with crew.

T. A. Hill has moved from Enoch, Texas to Canyon to be with his daughter, Mrs. Owen Williams and family.

Mrs. Floyd Montgomery, who before her recent marriage, was Miss Florence McMurray of Canyon.

UMBARGER H. D. CLUB STUDIES POULTRY CANNING

Umbarger H. D. A. Club met June 15th in the home of Mrs. Ben Koch. Miss Patterson demonstrated the art of canning chicken by directions she had for each club member. First the dark and light meat was separated by cutting the carcass in two parts, then very successfully boned, put into three half pint jars and steamed. Then while the chicken was in the pressure cooker, the club held their business meeting. Mrs. Clarence Beckman acted as chairman. Minutes of last meeting were read and approved. Mrs. W. P. Janssen gave an interesting council report.

Miss Patterson gave interesting points on canning. "Be sure no grease is around the top of the jars before putting on the lids. Grease ruins the rubber. After jars have cooled, by removing the rings one can tell if each jar is sealed. Livers, gizzards and hearts, which must be canned separately are high in vitamin and iron. Red meat is a pelegra preventative. Eggs are high in Vitamin C, and a substitute for meat. In most foods the high coloring indicates a high vitamin value.

Mrs. Beckman discussed attractive ways of serving eggs. Recipes on spinach special, potatoes and eggs and egg orange sip were passed to the club members.

Lovely refreshments of ham sandwiches, punch and angel food cake were served by the hostess.

Plans were made for the next meeting with Mrs. Max Hoffman, early in August.

BROWNIE SCOUTS TROOP VI MAKE BOOKS FOR SOLDIERS

Brownie Scouts Troop VI met Saturday afternoon from 3 until 6 o'clock in Thompson Club Room to work on story books for the veterans in the Amarillo hospital. Using book legnth novels from The Ladies Home Journal the Scouts have made a large number of these books.

This is the first summer that Brownie work has been continued after school has dismissed. The leaders invite all third or fourth grade Brownies to attend these weekly meetings.

Day camp for the Brownies will be Tuesdays and Fridays from 5 until 8 o'clock in the first three weeks in July. After Day Camp Troop VI will have a fly-up ceremony, making the troop into Girl Scouts. Leaders for the Scouts are badly needed.

McCLARY-SHARMAN RITES READ IN DUMAS JUNE 14

Miss Mary Margaret McClary, daughter of Mrs. Willie McClary, Dumas, became the bride of Frank P. Sharman, son of Mr. and Mrs. W. P. Sharman, Dumas, at the home of her grandmother, Mrs. J. C. Jeary, Dumas, at 7 o'clock, June 14.

Mrs. Sharman, the niece of Miss Jewell Foster former Canyon High School teacher, graduated from Dumas High School this spring. Mr. Sharman is a graduate of Canyon High School where he was a prominent member of the band and a capable member of the basketball teams.

Mr. and Mrs. Sharman are at home in Dumas where Frank is cashier for the Santa Fe Railroad Company.

Mrs. Sorgee Is Honored Shower In Wellington

Complimenting Mrs. Velton Sorgee of Canyon, who was before her recent marriage, Miss Billye Lee Roark, a shower was given in the home of Mrs. Floyd Thompson in Wellington, Thursday afternoon, June 8. Hostesses for the party were Mrs. Jack Lowry, Mrs. Rufus Sweat, Mrs. George Maharry and Mrs. Thompson.

The guests were received by Mrs. Thompson, Mrs. Lee Roark, mother of the bride, Mrs. Sorgee, honoree of Canyon and Mrs. Fred Sorgee of Canyon.

Members of the house party who assisted in serving and displaying the gifts were Mrs. Ike Rogers, who served punch; Miss Bettye Jean Sanders of Amarillo, who assisted in the dining room; Miss Nadine Sanders of Amarillo, who registered the guests in the bride's book; and Mrs. George Mahaffey, who invited the guests to see the display of gifts.

The tea table was beautifully appointed with crystal and silver. A miniature bride and groom surrounded by white snapdragons, pink daisies and baby's breath formed the centerpiece. Pink tapers lighted the lace covered table. Bouquets of larkspurs, pink daisies and roses were used to decorate the entertainment rooms.

The following program was presented: reading, "Advice to the Bride Groom" by Patsy Cloe Roark; vocal duets, "Love's Old Sweet Song," "I Love You Truly," and "Let Me Call You Sweetheart" by Mrs. Jack Lowry and Mrs. Rufus Sweat accompanied by Mrs. Lowry on the accordion.

More than one hundred attended the shower or sent gifts.

CENTERVIEW CLUB STUDIES VALUE AND SERVING EGGS

The Centerview Club met Friday afternoon at 3 o'clock with Mrs. Serena Bryant. The house was called to order by the president, Mrs. Dell Zachery. Mrs. A. E. Wise was elected as delegate to the State Meet.

For the program each club member gave food values of eggs. Then Mrs. J. W. Wesley discused food value of poultry and Mrs. E. W. Schaeffer gave attractive ways of serving eggs. Each member gave her favorite way to serve eggs as response to roll call.

Members answering roll call were: Mrs. J. G. Knox, Mrs. Finis Brazil, Mrs. Charley Bauer, Mrs. E. W. Schaeffer, Mrs. Dell Zachery, Mrs. S. F. Sharpes, Mrs. J. W. Wesley and the hostess; visitors, Miss Geraldine Sharpes and Mrs. C. L. Wesley.

LEE SATTERWHITE
FOR
Lieutenant Governor

Subject to Action Democratic Primary July 22, 1944.
Home Address: Austin, Travis County, Texas.

My candidacy is the result of my own initiative. I am not the candidate of any clique or special group. I believe in our Republican form of government with its constitutional authority and limitations. I believe that elected officials are the chosen servants of the people to administer certain well defined and specific trusts for THEM.

My life has been that of a farmer, rancher, country newspaper editor and publisher; VETERAN OF THE SPANISH - AMERICAN WAR; served, at intervals over a period of years, seven terms as a member of the Texas House of Representatives; elected and served the 39th Legislature as Speaker of the House. So, in offering my candidacy, I do so with a full knowledge of the responsibilities and duties of the office.

OUR FIRST DUTY IS TO WIN THE WAR

If elected I will give my full support to our Commander in Chief, the President, and all military authorities to the end that the war may be won in the shortest time possible. If I am elected your Lieutenant Governor, instead of chasing around over the country seeking every opportunity to denounce this and that in terms of speech calculated to stir up class hatred and bitterness, I shall lend my efforts toward making Texas the greatest state in the union industrially, commercially and agriculturally. This cannot be accomplished unless industry and commerce and agriculture place at the head of their businesses leaders with the spirit of fairness to all concerned, as expressed in the old adage—

"LIVE AND LET LIVE"

Local Men Study Aviation Needs at A&M College

Future planning for the College includes an airport which will be a joint undertaking of Canyon, Randall County, and West Texas State College. With the needs of the future in mind, Dean R. P. Jarrett, Business Manager Virgil Henson G. W. Cox representing the City-County Planning Board went to College Station last week to attend an intensive short course dealing with the construction, operation and maintenance of a small airport.

More than 200 men were enrolled for this course. One of the principal speakers was Kirk Baldwin who represents the Civil Aeronautics Administration of Washington, D. C. Another speaker who had valuable ideas to contribute was Hart Bowman, of the Dallas Airport, and still another was A. E. (Dan) Dyatt of Fort Worth, who is now with the C. A. A. and who in 1926 was a resident of Canyon.

The course concerned itself mostly with technical problems, such as choosing a site, construction of buildings and maintenance.

The College is particularly interested in the development of an airport in connection with Canyon because of the additional transportation facilities which it will afford and because plans are underway to include flight training in addition to the ground school training which is already given by the College.

At its most recent meeting, the State Board of Regents approved the wider aeronautics program which the College has had in mind for some time.

The short course given at College Station will be an annual affair and it is expected that it will become increasingly important.

Sydney Burgess and family spent a few hours at the parental John Burgess home Saturday.

Overseas Mailing Dates Sept. 15-Oct. 15 This Year

The Navy Mail service has already initiated plans to handle the volume of Christmas mail for Navy, Marine, and Coast Guard personnel stationed overseas. Mail this year is expected to exceed last year's figures, according to Eighth Naval District headquarters.

The 30-day period from September 15 to October 15, 1944, has been designated as Christmas Mail month for Bluejackets, Marines, and Coast Guardsmen outside the United States. With distances so vast and fleet operations so widespread, every effort should be made to mail early in this period in order to assure delivery of packages to men in the fartherest outposts.

Christmas gift packages this year will be accepted for mailing only within the present limitations of weight and size—five pounds in weight, 15 inches in length and 36 inches in length and girth combined. Perishable articles will not be accepted for mailing and every effort will be made to discourage the mailing of fragile articles which cannot survive transportation, to war zones.

Emphasis is being placed on the necessity of addressing packages properly. Incorrect addresses may hold up the mails an average of 90 days and sometimes longer. Last year, several thousand Navy Christmas packages were delayed due to this factor.

Plans are now being formulated by the War, Navy and Post Office Departments in conjunction with the Office of War Information and the War Advertising council for a nationwide campaign to inform the public of all phases of Christmas mail regulations in an effort to secure wholehearted cooperation in mailing early, wrapping packages carefully, and addressing them properly with the purpose of insuring safe and prompt delivery of the servicemen's Christmas mail.

"ARE YOU MY DADDY?"

"YES, sonny boy, I'm your daddy—the daddy you don't remember because you were just a few months old when I left for war."

War is heartless, little man. It doesn't give much heed to family ties. But, along with millions of other men and women in uniform, your dad is doing everything he can to keep another war from starting when you're grown up and have children of your own.

It's more than good Americanism to invest in War Bonds... it's good business. Let's buy more Bonds than we planned, now during the 5th War Loan Drive... *and let's keep on doing so!*

Biology - Physics Depts. Moving to Science Building

Several departments are already in the midst of the moving processes which are a part of the College taking over for the first time the Science building since it was completed. The Science building has been used only by the 350th Detachment of the Army Air Corps.

Professor L. S. Baker will begin moving the Biology Department to it's new quarters soon after July 1.

When the biology rooms have been vacated and refinished, the Department of Government and Economics, of which Dr. S. H. Condron is head, and the Department of Sociology, of which J. L. Duflot is head, will move in.

The Physics Department is already in the midst of moving to the Science building.

The interior of the Science building will be redecorated so that it will be in the same condition that it was when the Army moved in in March, 1943.

The tables, cabinets, and desks of the Biology Department will also be refinished so that the appearance of the equipment of the department will be new.

Work in the Science departments will be much more comfortable and interesting in the new quarters where there will be ample room for everything which needs to be done.

V-NEWS

Does the use of the stale bread which accumulates so rapidly in the bread box present a problem to you? Not a crumb of it should be wasted for bread is an excellent source of energy giving and body building material and, if it is whole grain or enriched, of protective and regulative materials as well. Perhaps there is little demand for dressings and stuffings during the warm weather and the traditional puddnig has palled. Then why not try some of these for a change?

Bread Crumb Cake

3 eggs
1 cup sugar
2 cups fine, very dry crumbs
1-4 teasp. cinnamon
1-4 teasp. salt.
1 teasp. flavoring

Beat eggs well; stir in the other ingredients. Pack in a well greased shallow pan. Bake at 275-300 degrees. This resembles macaroons and is especially good with ice cream or fruits.

Fruit Betty

1-4 cup melted butter or oleo
1 qt. fine, dry crumbs
Spice, if desired.
3 cups sliced apples (prunes, or dried peaches may be used)
3-4 cup water

Mix fat and crumbs; place in alternate layers with fruit in a greased baking pan. Add water. Sprinkle spice over top if desider. Bake in 350 oven about 45 minutes or until firm. Serve with top milk.

Omelet

1-4 cup hot water
3-4 cups soft crumbs
2 eggs, separated
1-2 teasp. salt
Dash of pepper
2 tbsp. fat.

Soak crumbs in milk; when soft, beat until smooth. Beat egg whites with salt and pepper until stiff but not dry. Beat yolks until lemon colored and add to milk and bread mixture. Fold whites into mixture. Melt fat in heavy skillet, add omelet, and cook slowly until set. Place in moderate oven and cook until firm

Other uses for crumbs:

Sprinkle mixture of crumbs and grated cheese or crumbs and melted butter over casserole dishes.

MISUNDERSTOOD

Several men were traveling by train. Presently one produced a large fruit cake, which he devoured greedily.

Time passed. Suddenly he began groaning and doubling himself up and straightening out again. When this had gone on for some time, a friend asked him:

"'Smatter, Jim?"

"That cake I ate," groaned the sufferer. "It had nuts, and I think the missus forgot to shell them."

"Lor!" said his friend. "And can you crack 'em just by bending?"

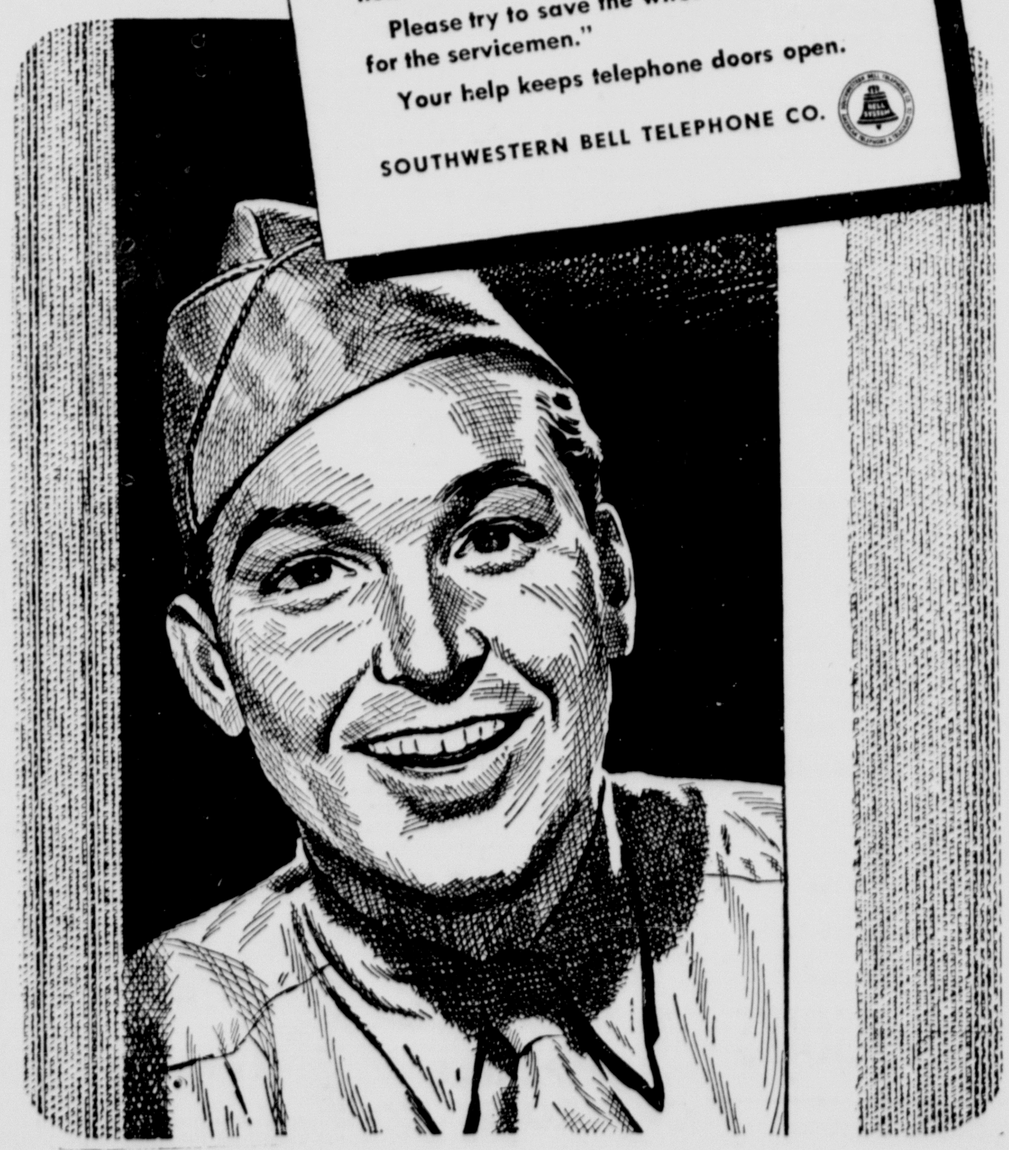
SOUTHWESTERN BELL TELEPHONE CO.



A true incident (when this writer was police reporter in Memphis, Tennessee): A negro about to board a train for the penitentiary comforted his wife with, "Don't cry, honey; I'll serve dis 14 years in a jiffy an' be back wid you."

Speaking not long ago before the Panhandle-Plains Historical Association annual dinner, this chronicler remarked:

"History is not the exclusive property of the Ph. D.'s—much less of the writer of that most unread and unreadable production of the human brain; the master's thesis.

"Nor is history solely an account of things of long ago. History is anything important and significant which has happened. It might have been in 1942 or it might have been yesterday.

"And history is not just the doings of generals and politicians. Wherever men have planned and played and plowed, wherever they have smiled and sung and splendidly swaggered, wherever men and women have wooed and wed and worked and wrought and worshipped, wherever they have dreamed and died—there is history.

"Texas history is not something that is past and dead but is a mighty, living force projecting itself into the present and profoundly affecting the future.

"I am not one of the Coronado addicts. He was picturesque, all right, in his armor, hunting for non-existent cities of gold—but I see no need to spend a lifetime trying to decide whether he camped for a single night three miles west or six and a quarter miles east of the present city of Abilene.

"To me, there is more romance in the weather-beaten countenance of a Texas rancher and there is more nobility in the heroic features of a ranch wife and mother—a couple, who, with raw courage and bare hands, despite norther, sand, wind and sun—or perhaps because of these challenging conditions—wrought in the wilderness a civilzation that is richer in dollars and infinitely richer in human values than the seven golden cities that Coronado sought—even if they had existed."

YOUR INVASION!

FROM General Bradley, leading the Invasion ground forces, right through every rank, American men now face a brutal, desperate, able enemy. For this invasion has only begun—before our fighters lies a hard and bloody task, one that demands all *their* courage, backed by *all your faith* in their ultimate victory.

That faith will be tested many times in this invasion—in grim struggles, setbacks, possibly even temporary defeats. It will be up to you to remember that early victories usually only mean more savage opposition from a foe made more bitter, more ruthless as the shadow of his doom grows larger—up to you to keep that faith in days and nights of gloom as well as in hours of triumph.

There is little that you can do to show that you realize what *they* must face, perhaps for many months. But one thing you *can* do—back the attack with every dollar you can spare! Let the Bonds you buy in this greatest of Drives be the measure of your belief in their ultimate victory!

Pres. J. A. Hill Outlines Future West Texas State

Dr. J. A. Hill talked at the Rotary Club luncheon Tuesday on the future of West Texas State.

Dr. Hill stated that he wanted the people of Canyon to know what plans the college was making for the future. Since Pearl Harbor, he has been thinking of the future and planning so that the college may give the best service to this area.

The speaker reviewed the developments which had been made in the past. Three schools were organized in 1941, all leading to Bachelor and Master degrees. A fourth school is planned to give all kinds of Vocational Art courses. Dr. Hill has conferred with the Veterans Bureau where it is claimed that 100,000 Texas boys will be seeking an opportunity to attend college after the war. Plans are being made to take care of these returning soldiers, giving them instruction which will prepare them to continue their civilian jobs.

Such an expansion will call for at least a million dollars in new buildings, including a library, gymnasium, dormitories, shops and other buildings.

The West Texas State Foundation is now being set up. Several gifts to the college are awaiting the completion of the foundation.

Athletics will be resumed this fall. The college has an unparalleled reputation among colleges for basketball. Not much may be expected from athletics until the war is over, but the college wants to be ready when victory comes.

Dr. Hill urged all Canyon people to carry West Texas State stickers on their cars. He believes that educational institutions should advertise the same as commercial institutions. Citizens of Canyon can help in sending out literature to their friends who may be induced to attend West Texas State.

The college has never had such great opportunities as presented for the future, believes Mr. Hill. It is in the center of a vast and growing area, and will strive to give the maximum service to this area.

Visitors were: Cliff Cobb of Dallas; Rev. A. B. Haynes of Littlefield; W. J. Wooten, C. H. Jarrett, of Canyon; Arthur Osgood, E. Kancher, F. R. Barnes, Dr. Francis Brown, all of Amarillo; Rev. J. O. Quattlebaum, Brownsville.
